# Health Informatics for Professional

## Course Description

The Nursing Informatics program examines the history of healthcare informatics, basic concepts, current issues, as well as health information management systems. Students will apply informatics concepts to a current clinical practice setting and will suggest methods for using technology to improve patient safety and work place effectiveness. **(20 hours onsite & 25 hours online)**

Upon successful completion attendees will receive a Certificate for 45 CEUs.

## Schedule and Locations

**When:**  
**Saturdays (onsite)**  
**March 18, 25**  
**April 22, 29**
