## Visitor Guidelines at Select Practice Sites

Our visitor policy continues to change and evolve in adherence to NYS policy.

In order to maintain physical distancing, our practice sites\* cannot always accommodate one support person per patient. While we recognize that having a support person can be important, we must ensure a safe environment for all patients.

We encourage you to come to your appointment without a support person, if possible. If you need to have a healthy support person with you, please speak with your care team prior to your appointment.
