

# COVID-19 Headlines

July 22, 2020

- **COVID-19 IS STILL AMONG US.** Masking, social distancing, and hand hygiene are all essential to preventing further spread. You can and should obtain masks from your units or from your supervisors. We are working on additional access points for nonclinical staff to obtain masks; stay tuned for details.
- **PROTECT YOURSELF, AND OTHERS.** If you violate social distancing with your colleagues or friends, especially for lunch or coffee where you take off your masks, you are putting yourself and others at risk.
- **A VIRTUAL MEMORIAL SERVICE** for Mount Sinai faculty, staff, and students lost to COVID-19 will be held on Tuesday, July 28, at noon. This nondenominational service will feature music, readings, and a recitation of names. To join the memorial service, click [here](#) or dial 929-436-2866 and enter meeting ID: 929 3206 1347 #.
