

# Use This QR Code to Report Your COVID-19 Booster Vaccination to Employee Health Services (EHS)

---

You can either give EHS permission to access your vaccine record in Epic, if you were vaccinated at Mount Sinai, or upload a picture of your vaccination card if you received the booster elsewhere.

**You must report your booster shot even if you got it at Mount Sinai.**

If you **have not yet received your booster shot** and are currently eligible, you can book an appointment [through Mount Sinai](#), or check the [New York State](#), [New York City](#), [New Jersey](#), or [Connecticut](#) websites for other locations (use the QR code below for more information and links).
