FROM NYS DOH WEBSITE:

Please note that the Department can only take formal action if it finds sufficient basis that the funeral firm and/or funeral director has violated Public Health Law and/or its implementing regulations. The Mount Sinai Community Resource Guide is a free website available to staff, patients, or community organizations. You can use this website to identify community resources and services available to help during the COVID-19 Pandemic. Click here to go to the guide:

<https://communityresources.mountsinai.org/>

The guide is powered by Aunt Bertha, a technology platform that curates and provides access to free or low cost community resources. There is a public-facing website that anyone can use, as well as an enhanced Mount Sinai Health System site that employees can access using their Mount Sinai credentials (SSO). Further training on the MSHS site will be provided in your area in the near future.

<https://www.hitesite.org> has a COVID-19 filter and can be used by anyone to research more resources

Resources are changing rapidly. Please e-mail cov19.commresource@mountsinai.org if you notice changes or out-of-date resources. We are doing our best to update them daily.
