New Limitations on Visitors:

As of March 17, we are prohibiting all visitors across the Mount Sinai Health System. This includes visitors to the emergency departments, inpatients, ambulatory sites and other facilities.

We are restricting most visitors, but there are limited exceptions to this policy. See below for details.

Visit only if you are healthy.

If you are feeling feverish, have sudden onset cough and nasal congestion, please don’t enter. All visitors must be 15 years or older.

- **Pediatrics/NICU:** One healthy visitor allowed.
- **Maternity and Postpartum:** One healthy partner allowed.
- **Palliative Care:** One healthy visitor allowed.
- **Ambulatory Geriatrics:** One healthy visitor allowed.
- **Discharge:** One healthy visitor allowed to pick up discharged patients.
- **Emergency Departments:** One healthy visitor allowed (for patients requiring assistance only).
- **Pediatric Emergency Departments:** One healthy visitor allowed (parent or caregiver only).

**Please note:** All main Mount Sinai cafeterias are temporarily closed to the general public as a precautionary measure. Cafes and smaller on-site food options will remain open.
