

COVID-19

Today's Update

March 4, 2020 | Issue 2

Calm · Focused · Ready

■ WHAT'S NEW:

Five additional COVID-19 cases were confirmed yesterday and today in the New York region. New cases are not surprising and were expected by the public health authorities. The Mount Sinai Health System is well prepared to diagnose and treat patients with COVID-19 and to care for all our patients and protect our staff as more cases are confirmed.

■ WHAT'S KEY:

Please inform patients or visitors: **The Mount Sinai Health System is open for business as usual.** All appointments, classes, and events are on as scheduled, and it is safe for all to visit our facilities.

■ WHAT'S GOOD TO KNOW:

We have posted a [Frequently Asked Questions](#) document on the Mount Sinai website that contains answers for our patients and the public about COVID-19.
