

**Your Essential Plan health insurance coverage ends June 30**  
**Explore options to continue care at Mount Sinai**

Dear Patient,

Because of changes in federal law, **your Essential Plan 5 (also known as Essential Plan 200-250) health insurance plan will end on Tuesday, June 30**. You should have already received notices from NY State of Health about this. It is very important to carefully review these notices.

Most of you will be eligible to enroll in a “Qualified Health Plan” (QHP) through the New York State Marketplace. Most of you should also be eligible for reduced monthly premiums for these plans.

We strongly encourage you to do **one of the following before June 30 to ensure no lapse in insurance coverage**:

- Check with your employer or labor union to see if they offer health insurance coverage. If your spouse or partner has health insurance from an employer or union, you may also be able to get coverage under that plan. Ask your spouse/partner to check with their company’s HR or Benefits department.
- You may be able to switch to a qualified health plan (QHP) with which Mount Sinai Health System participates. Please call your provider’s office to find out which QHPs your provider is in network with. In general, Mount Sinai participates with the following QHPs:
  - EmblemHealth Exchange Plans
  - Fidelis Exchange/QHP Plans
  - Healthfirst Exchange/QHP Plans
  - Metroplus\*
  - Oscar

\*Note: Mount Sinai South Nassau does not participate in MetroPlus’ network

- **If you want to change plans, you will need to log in to your NY State of Health account.** For help, you can call NY State of Health at 1-855-355-5777 (TTY: 1-800-662-1220) or contact them through their website at [www.nystateofhealth.ny.gov](http://www.nystateofhealth.ny.gov).
