

Personal Safety Devices for Employees

The Committee on Anti-Asian Bias and Racism (CAABR) is committed to helping ensure the safety of our Asian and Asian American colleagues given the current environment of increased race-based attacks in New York City. Partnering with Mount Sinai Health System Security and the non-profit group Soar Over Hate (www.soaroverhate.org), which was founded by one of our members, Michelle Tran, we are providing personal alarms or whistles for any employee who would feel safer with such a device. Soar Over Hate's 1,000 alarms and 500 whistles have been distributed to each site's security office and are available to pick up 24/7 on a first-come, first-served basis. Alarms are free, but please consider donating (bit.ly/CAABR-Alarms) if you have the means. If we receive a large response to our pilot initiative, we will look to expand and provide more devices to address the safety concerns of our employees.

What: Personal Safety Alarms or Whistles for Employees

When: Available for pick-up 24/7, beginning Monday, August 23, until supplies run out
