

COMPREHENSIVE CARE FOR Older Adults with HIV

Community Health Workers Supervision Checklist

Medical Doctor and CHW Supervision

Frequency: Weekly Meetings

Topics:

- Review patient panel needs from the previous clinic day and previous weeks.
 - Appointments that need to be scheduled
 - Community resources that need to be given out
- Review clinical updates such as any scheduling updates.
- Brainstorm ways to increase patient referrals.

Social Worker and CHW Supervision

Frequency: Weekly Meetings

Topics:

- Discuss needs for patients from the previous week (e.g., transportation).
- Identify any additional resources that the social worker can provide to CHW.
- Discuss new and upcoming trainings that may be helpful for CHW to attend.
