We congratulate SAVI on providing compassionate care and addressing the needs of rape, sexual assault and domestic violence survivors in the communities of East Harlem, the Upper East Side and Queens. Through direct service, advocacy and education, SAVI plays a vital role in promoting awareness and providing crisis intervention, counseling and information for past and present survivors and their families and friends. In keeping with its mission to play a vital and significant role in maintaining excellence in patient care at the Mount Sinai Hospital and the Icahn School of Medicine at Mount Sinai, the Auxiliary Board, for over 100 years, continues to initiate and fund diverse projects and grants, and participate in providing education and services to the communities Mount Sinai serves.
