

REDUCE THE RISK OF HEART DISEASE AROUND THE WORLD. HOW'S THAT FOR A MISSION STATEMENT?

**Mount
Sinai**

Mount Sinai has launched an unprecedented global effort to promote cardiovascular health. We've established programs that highlight the risk factors for heart disease and help kids develop healthy habits. It's a lofty goal to be sure. But that's all the more reason to pursue it. **Which hospital you choose can make all the difference in the world.** mountsinai.org
