Statement of Understanding

I understand that it is my responsibility to provide the Financial Aid Office with information as requested. The Financial Aid Office has the right to withhold financial aid altogether if the established due date is not met. I understand that if I receive funds from other sources, such as a scholarship from outside agencies, I am required to report this to the Financial Aid Office and my financial aid award may be adjusted. I understand that if I purposely give false information in the aid application process and receive aid from federal and/or university approved programs, I may negatively affected my continued enrollment at PSON.
